

# WEST OF STEAMBOAT SPRINGS

US HIGHWAY 40 - NEPA STUDY

## RELATIONSHIP TO OTHER STUDIES

This project will draw upon previous planning efforts and studies, such as:

- *West Steamboat Springs Area Plan*, 2006.
- *West Steamboat Springs US Highway 40 Systems Needs Study*, August 2008.
- *Northwest Transportation Planning Region 2035 Regional Transportation Plan*, Northwest Regional Planning Commission, Colorado Department of Transportation, January 2008
- *State Transportation Improvement Program*, Colorado Department of Transportation, Adopted March 20, 2008
- *Steamboat 700 Annexation Submittal*, Steamboat 700, LLC, November 2007.
- *Steamboat Springs Area Community Plan*, City of Steamboat Springs and Routt County, adopted May 2004
- *Steamboat Springs Area Open Space & Trails Master Plan*, City of Steamboat Springs Parks, Open Space & Recreational Services, August 2008
- *US 40 Safety Assessment*, Colorado Department of Transportation, October 20, 2008
- *Vision 2020*, First Report of Recommendations, September 1994
- *Vision 2030*, Interim Report, Summer 2008, Ongoing
- *West Steamboat Preliminary Buildout Analysis*, June 2008
- *West Steamboat US 40 Access Plan*, City of Steamboat Springs, Routt County, Colorado Department of Transportation, January 31, 2008 draft
- *Steamboat Springs Mobility and Circulation Plan*, City of Steamboat Springs, June 1998

This project will provide the final solution for some of the specific improvements to US 40 recommended in these studies, and will be the last step before final engineering design and construction.
